

This figure/poster can be printed on a large format inkjet printer. It was converted to an "ACROBAT 4.0 PDF file" by CANVAS 8 in a Macintosh computer using the default settings of CANVAS. It appears on the screen correctly in ACROBAT 5.0 or 6.0 in the Macintosh and prints to a Kodak ds 1000 PS Large Format Inkjet Printer correctly from the Macintosh using the default ACROBAT 5.0 settings.

References to the facts presented in the figure are far too numerous to list in the figure. Readers wishing more information on particular points are urged to search the literature with relevant terms at the PubMed Worldwide Web site
